

ALL IN EDUCATION

LEADERSHIP • POWER • JUSTICE

Arizona Interagency Farmworkers Coalition | September 2022

**BUILDING AN ARIZONA WHERE
ALL COMMUNITIES HAVE
ACCESS TO OPPORTUNITY AND
JUSTICE**

Mirka Martinez

Leadership Programs Specialist

ABOUT ALL IN EDUCATION

- **501c3- Nonprofit Organization**
- **Our programs are funded by local foundations, the Arizona Department of Education, and national foundations.**
- **We seek to build an Arizona where no child is at risk of being left behind, where parents feel valued and supported, and most importantly, where ALL children feel loved and honored in their classrooms.**
- **Different programs: Parent Educator Academy, Adelante, LISTO**

THE PROBLEM

Latino Students

35%

of English language learners graduate high school in 4 years

Arizona ranks **49th** in elementary school teacher pay and **48th** in secondary school teacher pay

76%

of Latinos graduate high school in 4 years compared with 85% of white students

30%

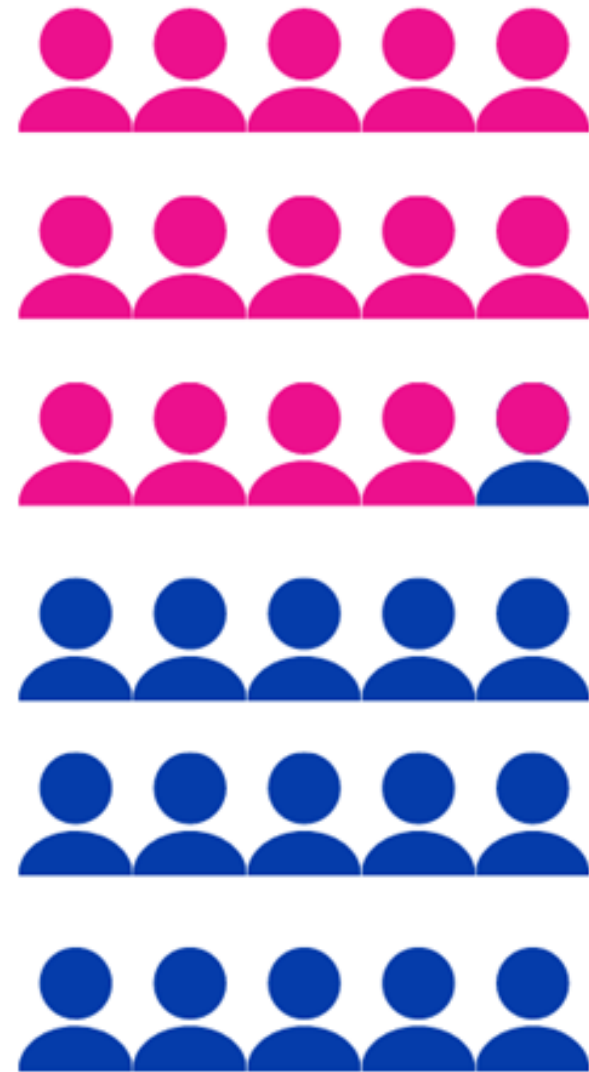

of Latino Arizonans have completed a two- or four-year degree or received a postsecondary certificate

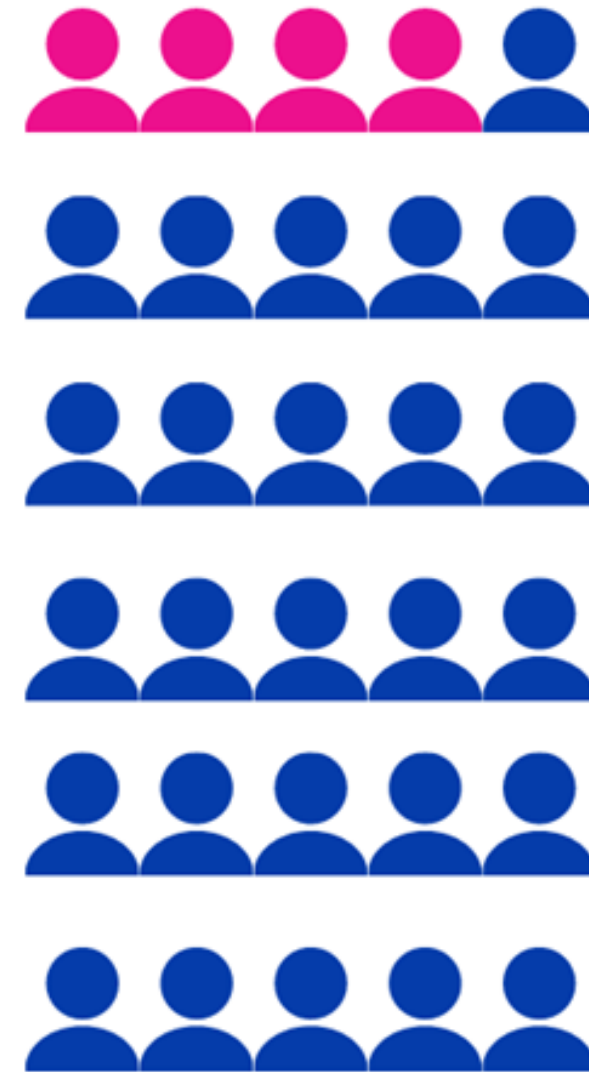

ECONOMIC IMPERATIVE

Latino students are underrepresented and underperforming, yet critical to Arizona's future. If we reduced the Latino dropout rate by half, the additional graduates would earn \$31 million, which translates to an additional \$23 million in spending annually.

GAP IN REPRESENTATION

of Arizona's PK-12 students are Latino

of state education board members are Latino

of school administrators are Latino

of teaching workforce is Latino

PARENT EDUCATOR ACADEMY

ALL IN EDUCATION
LEADERSHIP · POWER · JUSTICE

- There was a lack of communication from school systems in both English and Spanish formats.**
- There was a lack of access to technology in the form of devices and reliable internet.**
- Parents did not feel supported and were ill-prepared for at-home learning.**
- Families faced employment and financial challenges.**
- Families were concerned about special education, English Learners, and other at-risk student populations falling further behind.**

The Parent Educator Academy

PEA offers an introductory leadership development program for caregivers that want to strengthen their skills to better support their students in navigating the virtual and classroom learning environment, the school system, and have agency over decisions that affect their families and communities.

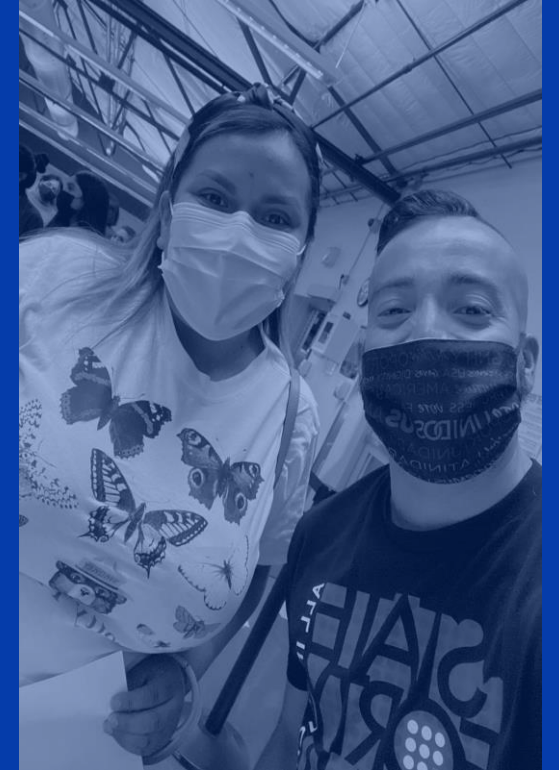

COMMUNITY CONNECTED

Empowering parents and families

Cultivating Parent Leaders

Close the achievement gap

Community Sense

The school systems identified for the pilot must:

- Serve high concentrations of Latino, Black and Native families

- Majority of the student population qualifies for the federal Free-or-Reduced Priced Lunch (FRPL) program

- Demonstrate a strong commitment to the advancement of equity in Arizona, including taking the ALL In for Equity Pledge

PARENT EDUCATOR ACADEMY GRADUATION

IMPROVED

confidence in helping their children
with homework assignments

IMPROVED

comfort in communicating with their
children's teacher

INCREASED

ability in using email for
educational needs

INCREASED

ability to navigate online
classrooms

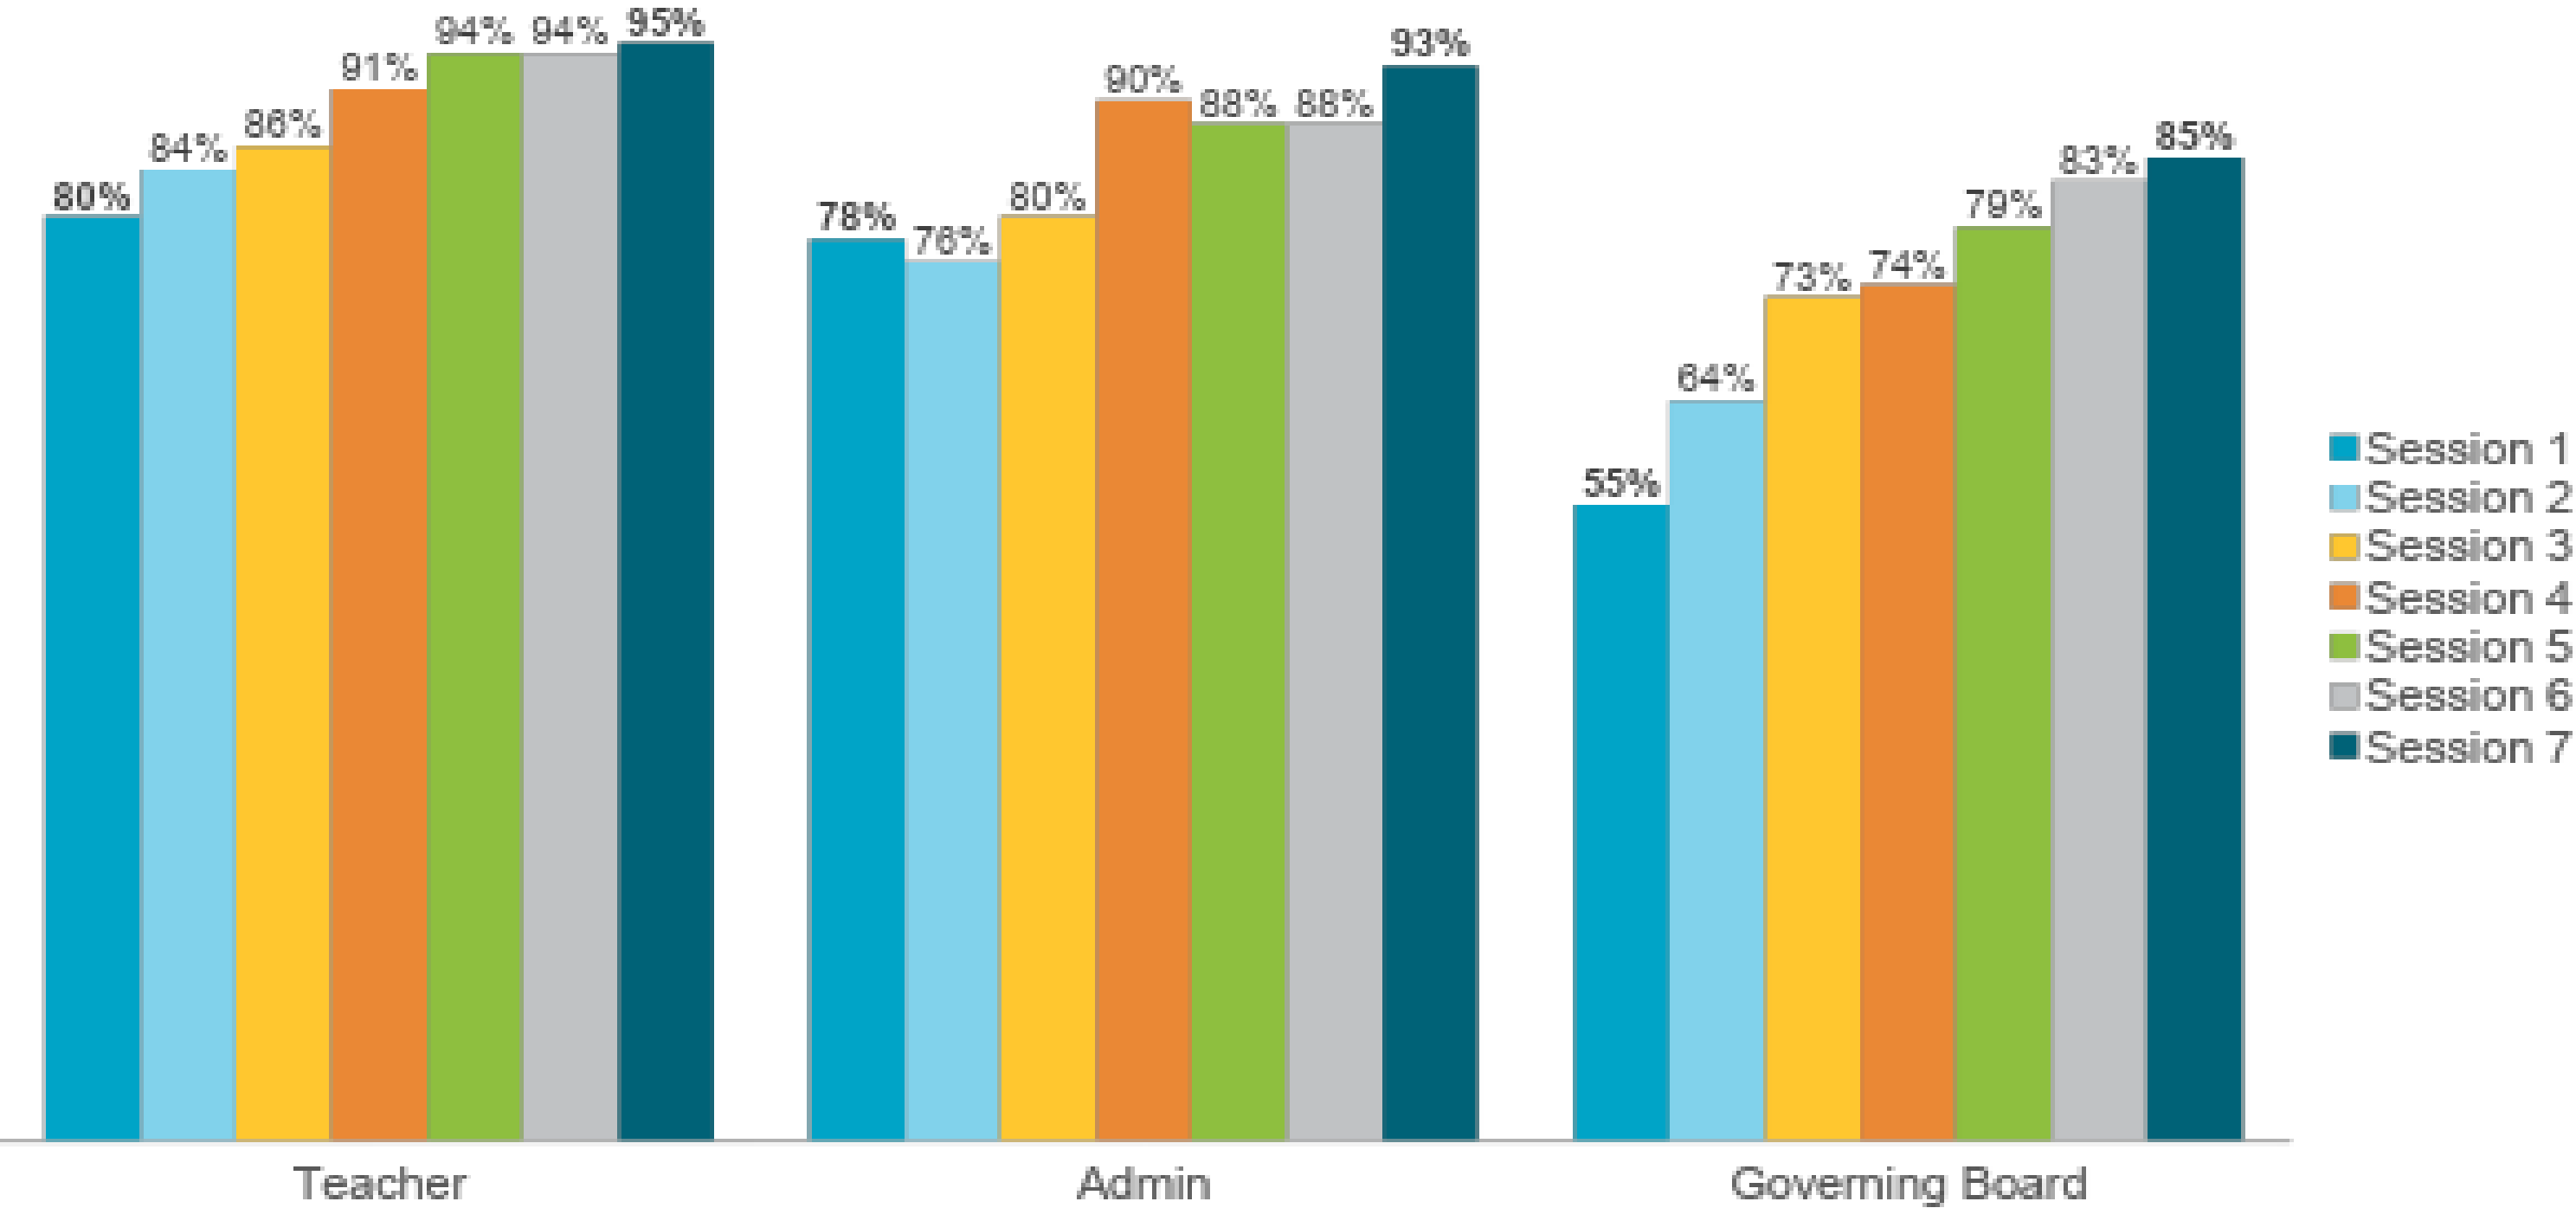

INCREASED

knowledge about where and how
to continue their own education

Has their confidence in communicating with school and district staff grown?

Percentage of 4 & 5 ratings on confidence scale

**social
determinants
of education**

Poverty

Healthcare

Mental Health

**School to
Prison Pipeline**

Housing

Food Insecurity

Immigration

**Climate
Environmental**

Economy

Adelante Fellowship

Adelante a ten-month fellowship for next generation leaders in Arizona. Adelante focuses on exposing emerging leaders to what it means to be an education advocate, how policies are formed, how the education system works and the role politics play in influencing the system. The curriculum focuses on three key areas: Education Landscape in Arizona, Racial Equity in Education, and Practical Experiences and Application

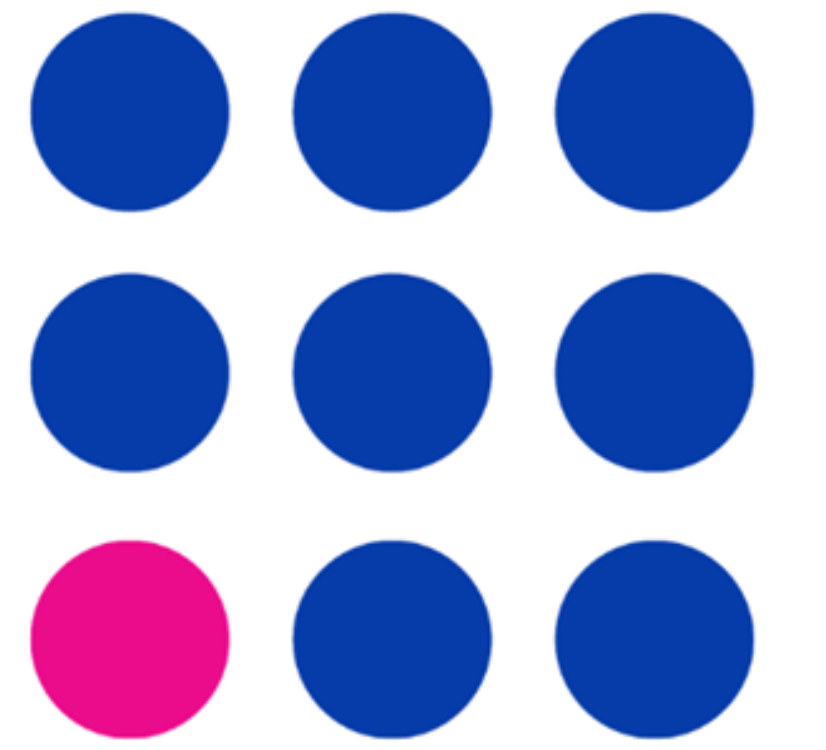

LISTO Academy

LISTO is a five-month comprehensive leadership development program that will work with leaders that are ready to serve in local and state education and organization governing board positions. Focusing on Personal Development, Board Governance and Racial Equity.
