RESEA

Reemployment Services and Eligibility Assessments

RESEA Background/Targeted Populations

➤ In 2015, the Reemployment Services and Eligibility Assessment (RESEA) program replaced the REA

- Historically, RESEA targeted two populations:
1. UI claimants determined to be most likely to exhaust benefits
 2. Former U.S. military service members receiving Unemployment Compensation for Ex-service Member (UCX) benefits.

However, provisions within DOL's annual appropriations have provided additional flexibility for states to target any recipients of regular UI or UCX.

RESEA Program Purpose

Reduce UI duration through improved employment outcomes

Strengthen UI program integrity

Promote alignment with the vision of the Workforce Innovation and Opportunity Act (WIOA)

Establish RESEA as an entry point to other workforce system partners.

RESEA

Past State	Present State
In- Person	Virtual via Google Meet/phone
Notice was sent via Mail	Notices sent via mail and Google email/Calendar
Mandatory Orientation subsequent	No Subsequent
30, 60, 90-day follow up	30,60, 90-day follow up
In-office agency partner referrals	Statewide virtual referrals/resources
